PHILIPPINE SCIENCE HIGH SCHOOL – BICOL REGION CAMPUS

Procurement for Site Development (Design and Build Scheme)

October 27, 2022

Preface

These Philippine Bidding Documents (PBDs) for the procurement of Infrastructure Projects (hereinafter referred to also as the “Works”) through Competitive Bidding have been prepared by the Government of the Philippines for use by all branches, agencies, departments, bureaus, offices, or instrumentalities of the government, including government-owned and/or -controlled corporations, government financial institutions, state universities and colleges, local government units, and autonomous regional government. The procedures and practices presented in this document have been developed through broad experience, and are for mandatory use in projects that are financed in whole or in part by the Government of the Philippines or any foreign government/foreign or international financing institution in accordance with the provisions of the 2016 revised Implementing Rules and Regulations (IRR) of Republic Act (RA) No. 9184.

The PBDs are intended as a model for admeasurements (unit prices or unit rates in a bill of quantities) types of contract, which are the most common in Works contracting.

The Bidding Documents shall clearly and adequately define, among others: (i) the objectives, scope, and expected outputs and/or results of the proposed contract; (ii) the eligibility requirements of Bidders; (iii) the expected contract duration; and (iv) the obligations, duties, and/or functions of the winning Bidder.

Care should be taken to check the relevance of the provisions of the PBDs against the requirements of the specific Works to be procured. If duplication of a subject is inevitable in other sections of the document prepared by the Procuring Entity, care must be exercised to avoid contradictions between clauses dealing with the same matter.

Moreover, each section is prepared with notes intended only as information for the Procuring Entity or the person drafting the Bidding Documents. They shall not be included in the final documents. The following general directions should be observed when using the documents:

- a. All the documents listed in the Table of Contents are normally required for the procurement of Infrastructure Projects. However, they should be adapted as necessary to the circumstances of the particular Project.
- b. Specific details, such as the “*name of the Procuring Entity*” and “*address for bid submission*,” should be furnished in the Instructions to Bidders, Bid Data Sheet, and Special Conditions of Contract. The final documents should contain neither blank spaces nor options.
- c. This Preface and the footnotes or notes in italics included in the Invitation to Bid, BDS, General Conditions of Contract, Special Conditions of Contract, Specifications, Drawings, and Bill of Quantities are not part of the text of the final document, although they contain instructions that the Procuring Entity should strictly follow.
- d. The cover should be modified as required to identify the Bidding Documents as to the names of the Project, Contract, and Procuring Entity, in addition to date of issue.

- e. Modifications for specific Procurement Project details should be provided in the Special Conditions of Contract as amendments to the Conditions of Contract. For easy completion, whenever reference has to be made to specific clauses in the Bid Data Sheet or Special Conditions of Contract, these terms shall be printed in bold typeface on Sections I (Instructions to Bidders) and III (General Conditions of Contract), respectively.
- f. For guidelines on the use of Bidding Forms and the procurement of Foreign-Assisted Projects, these will be covered by a separate issuance of the Government Procurement Policy Board.

Glossary of Terms, Abbreviations, and Acronyms

ABC – Approved Budget for the Contract.

ARCC – Allowable Range of Contract Cost.

BAC – Bids and Awards Committee.

Bid – A signed offer or proposal to undertake a contract submitted by a bidder in response to and in consonance with the requirements of the bidding documents. Also referred to as *Proposal* and *Tender*. (2016 revised IRR, Section 5[c])

Bidder – Refers to a contractor, manufacturer, supplier, distributor and/or consultant who submits a bid in response to the requirements of the Bidding Documents. (2016 revised IRR, Section 5[d])

Bidding Documents – The documents issued by the Procuring Entity as the bases for bids, furnishing all information necessary for a prospective bidder to prepare a bid for the Goods, Infrastructure Projects, and/or Consulting Services required by the Procuring Entity. (2016 revised IRR, Section 5[e])

BIR – Bureau of Internal Revenue.

BSP – Bangko Sentral ng Pilipinas.

CDA – Cooperative Development Authority.

Consulting Services – Refer to services for Infrastructure Projects and other types of projects or activities of the GOP requiring adequate external technical and professional expertise that are beyond the capability and/or capacity of the GOP to undertake such as, but not limited to: (i) advisory and review services; (ii) pre-investment or feasibility studies; (iii) design; (iv) construction supervision; (v) management and related services; and (vi) other technical services or special studies. (2016 revised IRR, Section 5[i])

Contract – Refers to the agreement entered into between the Procuring Entity and the Supplier or Manufacturer or Distributor or Service Provider for procurement of Goods and Services; Contractor for Procurement of Infrastructure Projects; or Consultant or Consulting Firm for Procurement of Consulting Services; as the case may be, as recorded in the Contract Form signed by the parties, including all attachments and appendices thereto and all documents incorporated by reference therein.

Contractor – is a natural or juridical entity whose proposal was accepted by the Procuring Entity and to whom the Contract to execute the Work was awarded. Contractor as used in these Bidding Documents may likewise refer to a supplier, distributor, manufacturer, or consultant.

CPI – Consumer Price Index.

DOLE – Department of Labor and Employment.

DTI – Department of Trade and Industry.

Foreign-funded Procurement or Foreign-Assisted Project – Refers to procurement whose funding source is from a foreign government, foreign or international financing institution as specified in the Treaty or International or Executive Agreement. (2016 revised IRR, Section 5[b]).

GFI – Government Financial Institution.

GOCC – Government-owned and/or –controlled corporation.

Goods – Refer to all items, supplies, materials and general support services, except Consulting Services and Infrastructure Projects, which may be needed in the transaction of public businesses or in the pursuit of any government undertaking, project or activity, whether in the nature of equipment, furniture, stationery, materials for construction, or personal property of any kind, including non-personal or contractual services such as the repair and maintenance of equipment and furniture, as well as trucking, hauling, janitorial, security, and related or analogous services, as well as procurement of materials and supplies provided by the Procuring Entity for such services. The term “related” or “analogous services” shall include, but is not limited to, lease or purchase of office space, media advertisements, health maintenance services, and other services essential to the operation of the Procuring Entity. (2016 revised IRR, Section 5[r])

GOP – Government of the Philippines.

Infrastructure Projects – Include the construction, improvement, rehabilitation, demolition, repair, restoration or maintenance of roads and bridges, railways, airports, seaports, communication facilities, civil works components of information technology projects, irrigation, flood control and drainage, water supply, sanitation, sewerage and solid waste management systems, shore protection, energy/power and electrification facilities, national buildings, school buildings, hospital buildings, and other related construction projects of the government. Also referred to as *civil works or works*. (2016 revised IRR, Section 5[u])

LGUs – Local Government Units.

NFCC – Net Financial Contracting Capacity.

NGA – National Government Agency.

PCAB – Philippine Contractors Accreditation Board.

PhilGEPS - Philippine Government Electronic Procurement System.

Procurement Project – refers to a specific or identified procurement covering goods, infrastructure project or consulting services. A Procurement Project shall be described, detailed, and scheduled in the Project Procurement Management Plan prepared by the agency which shall be consolidated in the procuring entity's Annual Procurement Plan. (GPPB Circular No. 06-2019 dated 17 July 2019)

PSA – Philippine Statistics Authority.

SEC – Securities and Exchange Commission.

SLCC – Single Largest Completed Contract.

UN – United Nations.

Section I. Invitation to Bid

Invitation to Bid for Procurement of *Site Development* (*Design and Build Scheme*)

1. The *Philippine Science High School-Bicol Region Campus*, through the *General Appropriations Fund 2021* intends to apply the sum of **NINE MILLION SEVEN HUNDRED FIFTY THOUSAND PESOS (Php 9,750,000.00)** being the Approved Budget for the Contract (ABC) to payments under the contract for Site Development under the Design and Build Scheme. Bids received in excess of the ABC shall be automatically rejected at bid opening.
2. The *Philippine Science High School-Bicol Region Campus* now invites bids for the above Procurement Project. Completion of the Works is required *within one hundred twenty (120) calendar days*. Bidders may have completed a contract similar to the Project. The description of an eligible bidder is contained in the Bidding Documents, particularly, in Section II (Instructions to Bidders).
3. Bidding will be conducted through open competitive bidding procedures using non-discretionary “*pass/fail*” criterion as specified in the 2016 revised Implementing Rules and Regulations (IRR) of Republic Act (RA) No. 9184.
4. Interested bidders may obtain further information from *Philippine Science High School-Bicol Region Campus* and inspect the Bidding Documents at the address given below from 7:30AM-4:30PM.
5. A complete set of Bidding Documents may be acquired by interested bidders on *October 27, 2022* from given address and website/s below *and upon payment of the applicable fee for the Bidding Documents, pursuant to the latest Guidelines issued by the GPPB, in the amount of Ten thousand pesos (Php 10,000.00)*. The Procuring Entity shall allow the bidder to present its proof of payment for the fees *in person, or through electronic means*.
6. The *Philippine Science High School-Bicol Region Campus* will hold a Pre-Bid Conference¹ on November 3, 2022, 1PM at the Board Room, Administration Building, PSHS-BRC, Goa, Camarines Sur and/or through videoconferencing/webcasting *via zoom* which shall be open to prospective bidders upon a letter of intent sent to **bac@brc.pshs.edu.ph**.
6. Bids must be duly received by the BAC Secretariat through (i) manual submission at the office address as indicated below, (ii) online or electronic submission as

¹ May be deleted in case the ABC is less than One Million Pesos (PhP1,000,000) where the Procuring Entity may not hold a pre-bid conference.

indicated below, or (iii) both on or before November 16, 2022, 1PM. Late bids shall not be accepted.

7. All bids must be accompanied by a bid security in any of the acceptable forms and in the amount stated in **ITB** Clause 15.
8. Bid opening shall be on *November 16, 2022, 1PM* at the given address below and/or through *Zoom (link shall be sent to bidders who intended to join)*. Bids will be opened in the presence of the bidders' representatives who choose to attend the activity.
9. *Eligible bidders shall submit a certified true copy of Valid PCAB license for Size Range-Medium A, License category B.*
10. The *Philippine Science High School-Bicol Region campus* reserves the right to reject any and all bids, declare a failure of bidding, or not award the contract at any time prior to contract award in accordance with Sections 35.6 and 41 of the 2016 revised Implementing Rules and Regulations (IRR) of RA No. 9184, without thereby incurring any liability to the affected bidder or bidders.

Section II. Instructions to Bidders

1. Scope of Bid

The Procuring Entity, *Philippine Science High School-Bicol Region Campus* invites Bids for the Site Development under the Design and Build Scheme with Project Identification Number Infra-2023-01.

2. Funding Information

2.1. The GOP through the source of funding as indicated below for Calendar Year 2023 in the amount of NINE MILLION SEVEN HUNDRED FIFTY THOUSAND PESOS (Php 9,750,000.00).

The source of funding is: National Expenditure Program

3. Bidding Requirements

The Bidding for the Project shall be governed by all the provisions of RA No. 9184 and its 2016 revised IRR, including its Generic Procurement Manual and associated policies, rules and regulations as the primary source thereof, while the herein clauses shall serve as the secondary source thereof.

Any amendment made to the IRR and other GPPB issuances shall be applicable only to the ongoing posting, advertisement, or invitation to bid by the BAC through the issuance of a supplemental or bid bulletin.

The Bidder, by the act of submitting its Bid, shall be deemed to have inspected the site, determined the general characteristics of the contracted Works and the conditions for this Project, such as the location and the nature of the work; (b) climatic conditions; (c) transportation facilities; (c) nature and condition of the terrain, geological conditions at the site communication facilities, requirements, location and availability of construction aggregates and other materials, labor, water, electric power and access roads; and (d) other factors that may affect the cost, duration and execution or implementation of the contract, project, or work and examine all instructions, forms, terms, and project requirements in the Bidding Documents.

4. Corrupt, Fraudulent, Collusive, Coercive, and Obstructive Practices

The Procuring Entity, as well as the Bidders and Contractors, shall observe the highest standard of ethics during the procurement and execution of the contract. They or through an agent shall not engage in corrupt, fraudulent, collusive, coercive, and obstructive practices defined under Annex "I" of the 2016 revised IRR of RA No. 9184 or other integrity violations in competing for the Project.

5. Eligible Bidders

5.1. Only Bids of Bidders found to be legally, technically, and financially capable will be evaluated.

- 5.2. The Bidder must have an experience of having completed a Single Largest Completed Contract (SLCC) that is similar to this Project, equivalent to at least fifty percent (50%) of the ABC adjusted, if necessary, by the Bidder to current prices using the PSA's CPI, except under conditions provided for in Section 23.4.2.4 of the 2016 revised IRR of RA No. 9184.

A contract is considered to be "similar" to the contract to be bid if it has the major categories of work stated in the **BDS**.

- 5.3. For Foreign-funded Procurement, the Procuring Entity and the foreign government/foreign or international financing institution may agree on another track record requirement, as specified in the Bidding Document prepared for this purpose.
- 5.4. The Bidders shall comply with the eligibility criteria under Section 23.4.2 of the 2016 IRR of RA No. 9184.

6. Origin of Associated Goods

There is no restriction on the origin of Goods other than those prohibited by a decision of the UN Security Council taken under Chapter VII of the Charter of the UN.

7. Subcontracts

- 7.1. The Bidder may subcontract portions of the Project to the extent allowed by the Procuring Entity as stated herein, but in no case more than fifty percent (50%) of the Project.

The Procuring Entity has prescribed that:

- a. Subcontracting is not allowed.

- 7.1. *[If Procuring Entity has determined that subcontracting is allowed during the bidding , state:]* The Bidder must submit together with its Bid the documentary requirements of the subcontractor(s) complying with the eligibility criteria stated in **ITB** Clause 5 in accordance with Section 23.4 of the 2016 revised IRR of RA No. 9184 pursuant to Section 23.1 thereof.

- 7.2. *[If subcontracting is allowed during the contract implementation stage, state:]* The Supplier may identify its subcontractor during the contract implementation stage. Subcontractors identified during the bidding may be changed during the implementation of this Contract. Subcontractors must submit the documentary requirements under Section 23.1 of the 2016 revised IRR of RA No. 9184 and comply with the eligibility criteria specified in **ITB** Clause 5 to the implementing or end-user unit.

- 7.3. Subcontracting of any portion of the Project does not relieve the Contractor of any liability or obligation under the Contract. The Supplier will be responsible

for the acts, defaults, and negligence of any subcontractor, its agents, servants, or workmen as fully as if these were the Contractor's own acts, defaults, or negligence, or those of its agents, servants, or workmen.

8. Pre-Bid Conference

The Procuring Entity will hold a pre-bid conference for this Project on the specified date and time and either at its physical address and/or through videoconferencing/webcasting as indicated in paragraph 6 of the **IB**.

9. Clarification and Amendment of Bidding Documents

Prospective bidders may request for clarification on and/or interpretation of any part of the Bidding Documents. Such requests must be in writing and received by the Procuring Entity, either at its given address or through electronic mail indicated in the **IB**, at least ten (10) calendar days before the deadline set for the submission and receipt of Bids.

10. Documents Comprising the Bid: Eligibility and Technical Components

- 10.1. The first envelope shall contain the eligibility and technical documents of the Bid as specified in **Section IX. Checklist of Technical and Financial Documents**.
- 10.2. If the eligibility requirements or statements, the bids, and all other documents for submission to the BAC are in foreign language other than English, it must be accompanied by a translation in English, which shall be authenticated by the appropriate Philippine foreign service establishment, post, or the equivalent office having jurisdiction over the foreign bidder's affairs in the Philippines. For Contracting Parties to the Apostille Convention, only the translated documents shall be authenticated through an apostille pursuant to GPPB Resolution No. 13-2019 dated 23 May 2019. The English translation shall govern, for purposes of interpretation of the bid.
- 10.3. A valid PCAB License is required, and in case of joint ventures, a valid special PCAB License, and registration for the type and cost of the contract for this Project. Any additional type of Contractor license or permit shall be indicated in the **BDS**.
- 10.4. A List of Contractor's key personnel (e.g., Project Manager, Project Engineers, Materials Engineers, and Foremen) assigned to the contract to be bid, with their complete qualification and experience data shall be provided. These key personnel must meet the required minimum years of experience set in the **BDS**.
- 10.5. A List of Contractor's major equipment units, which are owned, leased, and/or under purchase agreements, supported by proof of ownership, certification of availability of equipment from the equipment lessor/vendor for the duration of

the project, as the case may be, must meet the minimum requirements for the contract set in the **BDS**.

11. Documents Comprising the Bid: Financial Component

- 11.1. The second bid envelope shall contain the financial documents for the Bid as specified in **Section IX. Checklist of Technical and Financial Documents**.
- 11.2. Any bid exceeding the ABC indicated in paragraph 1 of the **IB** shall not be accepted.
- 11.3. For Foreign-funded procurement, a ceiling may be applied to bid prices provided the conditions are met under Section 31.2 of the 2016 revised IRR of RA No. 9184.

12. Alternative Bids

Bidders shall submit offers that comply with the requirements of the Bidding Documents, including the basic technical design as indicated in the drawings and specifications. Unless there is a value engineering clause in the **BDS**, alternative Bids shall not be accepted.

13. Bid Prices

All bid prices for the given scope of work in the Project as awarded shall be considered as fixed prices, and therefore not subject to price escalation during contract implementation, except under extraordinary circumstances as determined by the NEDA and approved by the GPPB pursuant to the revised Guidelines for Contract Price Escalation guidelines.

14. Bid and Payment Currencies

- 14.1. Bid prices may be quoted in the local currency or tradeable currency accepted by the BSP at the discretion of the Bidder. However, for purposes of bid evaluation, Bids denominated in foreign currencies shall be converted to Philippine currency based on the exchange rate as published in the BSP reference rate bulletin on the day of the bid opening.
- 14.2. *Payment of the contract price shall be made in:*
 - a. Philippine Pesos.

15. Bid Security

- 15.1. The Bidder shall submit a Bid Securing Declaration or any form of Bid Security in the amount indicated in the **BDS**, which shall be not less than the percentage of the ABC in accordance with the schedule in the **BDS**.

- 15.2. The Bid and bid security shall be valid until *One Hundred Twenty-One calendar days*. Any bid not accompanied by an acceptable bid security shall be rejected by the Procuring Entity as non-responsive.

16. Sealing and Marking of Bids

Each Bidder shall submit one copy of the first and second components of its Bid.

The Procuring Entity may request additional hard copies and/or electronic copies of the Bid. However, failure of the Bidders to comply with the said request shall not be a ground for disqualification.

If the Procuring Entity allows the submission of bids through online submission to the given website or any other electronic means, the Bidder shall submit an electronic copy of its Bid, which must be digitally signed. An electronic copy that cannot be opened or is corrupted shall be considered non-responsive and, thus, automatically disqualified.

17. Deadline for Submission of Bids

The Bidders shall submit on the specified date and time and either at its physical address or through online submission as indicated in paragraph 7 of the **IB**.

18. Opening and Preliminary Examination of Bids

- 18.1. The BAC shall open the Bids in public at the time, on the date, and at the place specified in paragraph 9 of the **IB**. The Bidders' representatives who are present shall sign a register evidencing their attendance. In case videoconferencing, webcasting or other similar technologies will be used, attendance of participants shall likewise be recorded by the BAC Secretariat.

In case the Bids cannot be opened as scheduled due to justifiable reasons, the rescheduling requirements under Section 29 of the 2016 revised IRR of RA No. 9184 shall prevail.

- 18.2. The preliminary examination of Bids shall be governed by Section 30 of the 2016 revised IRR of RA No. 9184.

19. Detailed Evaluation and Comparison of Bids

- 19.1. The Procuring Entity's BAC shall immediately conduct a detailed evaluation of all Bids rated "*passed*" using non-discretionary pass/fail criteria. The BAC shall consider the conditions in the evaluation of Bids under Section 32.2 of 2016 revised IRR of RA No. 9184.
- 19.2. If the Project allows partial bids, all Bids and combinations of Bids as indicated in the **BDS** shall be received by the same deadline and opened and evaluated simultaneously so as to determine the Bid or combination of Bids offering the lowest calculated cost to the Procuring Entity. Bid Security as

required by **ITB** Clause 16 shall be submitted for each contract (lot) separately.

- 19.3. In all cases, the NFCC computation pursuant to Section 23.4.2.6 of the 2016 revised IRR of RA No. 9184 must be sufficient for the total of the ABCs for all the lots participated in by the prospective Bidder.

20. Post Qualification

Within a non-extendible period of five (5) calendar days from receipt by the Bidder of the notice from the BAC that it submitted the Lowest Calculated Bid, the Bidder shall submit its latest income and business tax returns filed and paid through the BIR Electronic Filing and Payment System (eFPS), and other appropriate licenses and permits required by law and stated in the **BDS**.

21. Signing of the Contract

The documents required in Section 37.2 of the 2016 revised IRR of RA No. 9184 shall form part of the Contract. Additional Contract documents are indicated in the **BDS**.

Section III. Bid Data Sheet

19.2	Partial bids are not allowed.
20	<i>Bidder shall submit/present all required licenses and permits relevant to the project.</i>
21	Additional contract documents relevant to the Project that may be required by existing laws and/or the Procuring Entity, such as construction schedule and S-curve, manpower schedule, construction methods, equipment utilization schedule, construction safety and health program approved by the DOLE, and other acceptable tools of project scheduling.

Section IV. General Conditions of Contract

1. Scope of Contract

This Contract shall include all such items, although not specifically mentioned, that can be reasonably inferred as being required for its completion as if such items were expressly mentioned herein. All the provisions of RA No. 9184 and its 2016 revised IRR, including the Generic Procurement Manual, and associated issuances, constitute the primary source for the terms and conditions of the Contract, and thus, applicable in contract implementation. Herein clauses shall serve as the secondary source for the terms and conditions of the Contract.

This is without prejudice to Sections 74.1 and 74.2 of the 2016 revised IRR of RA No. 9184 allowing the GPPB to amend the IRR, which shall be applied to all procurement activities, the advertisement, posting, or invitation of which were issued after the effectivity of the said amendment.

2. Sectional Completion of Works

If sectional completion is specified in the **Special Conditions of Contract (SCC)**, references in the Conditions of Contract to the Works, the Completion Date, and the Intended Completion Date shall apply to any Section of the Works (other than references to the Completion Date and Intended Completion Date for the whole of the Works).

3. Possession of Site

3.1 The Procuring Entity shall give possession of all or parts of the Site to the Contractor based on the schedule of delivery indicated in the **SCC**, which corresponds to the execution of the Works. If the Contractor suffers delay or incurs cost from failure on the part of the Procuring Entity to give possession in accordance with the terms of this clause, the Procuring Entity's Representative shall give the Contractor a Contract Time Extension and certify such sum as fair to cover the cost incurred, which sum shall be paid by Procuring Entity.

3.2 If possession of a portion is not given by the above date, the Procuring Entity will be deemed to have delayed the start of the relevant activities. The resulting adjustments in contract time to address such delay may be addressed through contract extension provided under Annex "E" of the 2016 revised IRR of RA No. 9184.

4. The Contractor's Obligations

The Contractor shall employ the key personnel named in the Schedule of Key Personnel indicating their designation, in accordance with **ITB** Clause 10.3 and specified in the **BDS**, to carry out the supervision of the Works.

The Procuring Entity will approve any proposed replacement of key personnel only if their relevant qualifications and abilities are equal to or better than those of the personnel listed in the Schedule.

5. Performance Security

- 5.1. Within ten (10) calendar days from receipt of the Notice of Award from the Procuring Entity but in no case later than the signing of the contract by both parties, the successful Bidder shall furnish the performance security in any of the forms prescribed in Section 39 of the 2016 revised IRR.
- 5.2. The Contractor, by entering into the Contract with the Procuring Entity, acknowledges the right of the Procuring Entity to institute action pursuant to RA No. 3688 against any subcontractor be they an individual, firm, partnership, corporation, or association supplying the Contractor with labor, materials and/or equipment for the performance of this Contract.

6. Site Investigation Reports

The Contractor, in preparing the Bid, shall rely on any Site Investigation Reports referred to in the SCC supplemented by any information obtained by the Contractor.

7. Warranty

- 7.1. In case the Contractor fails to undertake the repair works under Section 62.2.2 of the 2016 revised IRR, the Procuring Entity shall forfeit its performance security, subject its property(ies) to attachment or garnishment proceedings, and perpetually disqualify it from participating in any public bidding. All payables of the GOP in his favor shall be offset to recover the costs.
- 7.2. The warranty against Structural Defects/Failures, except that occasioned-on force majeure, shall cover the period from the date of issuance of the Certificate of Final Acceptance by the Procuring Entity. Specific duration of the warranty is found in the SCC.

8. Liability of the Contractor

Subject to additional provisions, if any, set forth in the SCC, the Contractor's liability under this Contract shall be as provided by the laws of the Republic of the Philippines.

If the Contractor is a joint venture, all partners to the joint venture shall be jointly and severally liable to the Procuring Entity.

9. Termination for Other Causes

Contract termination shall be initiated in case it is determined *prima facie* by the Procuring Entity that the Contractor has engaged, before, or during the implementation of the contract, in unlawful deeds and behaviors relative to contract acquisition and implementation, such as, but not limited to corrupt, fraudulent, collusive, coercive, and obstructive practices as stated in **ITB** Clause 4.

10. Dayworks

Subject to the guidelines on Variation Order in Annex “E” of the 2016 revised IRR of RA No. 9184, and if applicable as indicated in the SCC, the Dayworks rates in the Contractor’s Bid shall be used for small additional amounts of work only when the Procuring Entity’s Representative has given written instructions in advance for additional work to be paid for in that way.

11. Program of Work

11.1. The Contractor shall submit to the Procuring Entity’s Representative for approval the said Program of Work showing the general methods, arrangements, order, and timing for all the activities in the Works. The submissions of the Program of Work are indicated in the SCC.

11.2. The Contractor shall submit to the Procuring Entity’s Representative for approval an updated Program of Work at intervals no longer than the period stated in the SCC. If the Contractor does not submit an updated Program of Work within this period, the Procuring Entity’s Representative may withhold the amount stated in the SCC from the next payment certificate and continue to withhold this amount until the next payment after the date on which the overdue Program of Work has been submitted.

12. Instructions, Inspections and Audits

The Contractor shall permit the GOP or the Procuring Entity to inspect the Contractor’s accounts and records relating to the performance of the Contractor and to have them audited by auditors of the GOP or the Procuring Entity, as may be required.

13. Advance Payment

The Procuring Entity shall, upon a written request of the Contractor which shall be submitted as a Contract document, make an advance payment to the Contractor in an amount not exceeding fifteen percent (15%) of the total contract price, to be made in lump sum, or at the most two installments according to a schedule specified in the SCC, subject to the requirements in Annex “E” of the 2016 revised IRR of RA No. 9184.

14. Progress Payments

The Contractor may submit a request for payment for Work accomplished. Such requests for payment shall be verified and certified by the Procuring Entity’s Representative/Project Engineer. Except as otherwise stipulated in the SCC, materials and equipment delivered on the site but not completely put in place shall not be included for payment.

15. Operating and Maintenance Manuals

- 15.1. If required, the Contractor will provide “as built” Drawings and/or operating and maintenance manuals as specified in the SCC.
- 15.2. If the Contractor does not provide the Drawings and/or manuals by the dates stated above, or they do not receive the Procuring Entity’s Representative’s approval, the Procuring Entity’s Representative may withhold the amount stated in the SCC from payments due to the Contractor.

Section V. Special Conditions of Contract

Special Conditions of Contract

GCC Clause																
2	<i>Intended completion of days is 120 calendar days.</i>															
3.1	<i>The Procuring Entity shall give possession of all parts of the Site to the Contractor upon NTP.</i>

11.1	The Contractor shall submit the Program of Work to the Procuring Entity’s Representative within <i>fourteen (14)</i> days of delivery of the Notice of Award.															
11.2	The amount to be withheld for late submission of an updated Program of Work is still to be determined.															
13	The amount of the advance payment is <i>15% of the total contract price and schedule of payment.</i>															
14	Materials and equipment delivered on the site but not completely put in place shall be included for payment.															
15.1	The date by which operating and maintenance manuals are required is <i>before full payment of the contract.</i>															
15.2	The amount to be withheld for failing to produce “as built” drawings and/or operating and maintenance manuals by the date required is <i>still to be determined.</i>															

Section VI. Specifications

TERMS OF REFERENCE

Design and Build Services

Background and Rationale:

The **PHILIPPINE SCIENCE HIGH SCHOOL-BICOL REGION CAMPUS (PSHS-BRC)** through the approved allocation for locally funded projects under FY 2023 National Expenditures Program (NEP) intends to apply the sum of **NINE MILLION SEVEN HUNDRED FIFTY THOUSAND PESOS** being the **APPROVED BUDGET FOR THE CONTRACT** for the **SITE DEVELOPMENT under Design and Build Scheme**.

I. PROJECT DESCRIPTION AND LOCATION

This project will be for the improvement and/or upgrading of the perimeter fence, guardhouse(to include a visitor's lounge), repair and improvement of path walk roofs, construction of steel matting fence along elevated terrain near the gymnasium, improvement of landscaping in some areas of the campus, improvement and construction of some landmarks, and construction of building directories.

The project shall be located at PSHS - BRC, Tagongtong, Goa, Camarines Sur.

Design and Build Scheme of RA 9184 shall be the mode of procurement for this project, with the title, SITE DEVELOPMENT under Design and Build Scheme.

The project shall cover the design and implementation of the approved plans and scope of works for the project as described above. The plans and designs shall be in accordance with the PSHS-approved Schematic Design Plans and the General Site Development and Building Design Specifications as prescribed in this Terms of Reference (TOR). The project shall have an Approved Budget for The Project of Nine Million Seven Hundred Fifty Thousand Pesos (Php 9,750,000.00).

The Key Elements shall be complied by the Bidder and are not subject to reservation, omission and deviation. Otherwise, it shall be a ground for disqualification.

MAJOR KEY ELEMENTS:

1. The Guard House will accommodate the added requirements and be designed for (but not limited to) the improvement of its facilities including the inclusion of the following:
 - a) Waiting Area (or Lounge);
 - b) Receiving Area or Visitor's Lounge with a provision of stainless, leather-upholstered sofa. It shall have interior design (ceiling and walls) with a digital announcement board;
 - c) Male and Female C.R./Powder Room;
 - d) Dressing Room(male and female) and Lockers for the guards;
 - e) Space provision for Lactating Area;

- f) Two units of Electro-Mechanical Boom Gate Barrier which is electronically controlled and provided with Radio Frequency Identification (RFID) System. Four units of RFID gadget shall be provided. Two units will be for the monitoring of the entrance and exit of the vehicles. The other two units will likewise be for the monitoring of the entrance/exit of the visitors, students, and employees;
 - g) A CCTV Monitoring Room.
- 2. The perimeter fence will be improved and provided with several layers of horizontal barbed wires on top of the concrete fence with strong support.
 - a) Minimum height of concrete is 2.40 meters,
- 3. Stainless gate lettering at the main entrance which will be provided with uplight to illuminate the whole gate during the night:
- 4. Provision of steel matting fence supported and framed with G. I. pipes, and elevated from the ground by 0.50-meter high, plastered CHB. This will start from the road at the back of the Gymnasium and passing through its right side, over the existing riprap, and extended to the perimeter road in front of the Science Research Facility. Two gates shall be provided at the ends of this steel matting fence to limit the students from entering the proposed Forest Area. The whole stretch of this fence will also be provided with lightings.
- 5. Provision of translucent roofing for the two units Pergola at the left side of the Academic Building III.
- 6. Repair/Replace dilapidated curvaroof, roofing sheets for the covered walks. The covered walks in front of the Dormitory Buildings I and II will be elevated and designed to improve the structure and form part of the facade in these two buildings.
- 7. Some locations of the campus have uneven ground surfaces with mounting soil. These need to be leveled to the required heights and to match the elevations of the adjacent areas, especially at the right side of the Dormitory Building III, Academic Building III, and at the area near the proposed location of the steel matting fence.
- 8. The central structure of the fountain will be improved. The hexagonal frustum of the pyramid be increased in height to give the right proportion of the base. Likewise, the size of the eight concrete balls will be increased and replaced with hollow fiberglass balls. These may also be provided with lights inside to be very visible during night time. The old concrete balls will be relocated to the area near the ADTech Building. These will be provided with a matching base and may also be illuminated with uplights.
- 9. Replacement of the old cube logo in front of the administration building with a new one(same design)

10. Landscaping of the left side of the gate and of the area between the fence and main road starting from the main gate to the parking entrance of the Administration Building.
11. The buildings will be provided with labels installed at the ground. The design of these labels must match the features of the existing main gate. The following buildings will be provided with ground labels:
 - * Sewage Treatment Facility
 - * Administration Building
 - * Academic Building I and Academic Building II (in one label)
 - * Science Laboratory & Technology Building
 - * School Clinic
 - * Student Pavillion
 - * School Canteen
 - * Materials Recovery Facility
 - * Auditorium
 - * Dormitory Building I (Boys Dorm)
 - * ADTech Building
 - * Dormitory Building II (Girls' Dorm)
 - * Dormitory Building III
 - * Motorpool
 - * Gymnasium
 - * Academic Building III
 - * Science Research Facility
 - * Landmark Rubiks cube with outdoor benches

PROJECT COMPONENTS

1. Completed Architectural and Engineering (A&E) Plans, specifications and detailed designs for the **SITE DEVELOPMENT under Design and Build Scheme**. Such plans, designs and specifications shall be subject to review and approval by the PSHS-BRC Management Committee
2. The Design Development (DD) and the Contract Documents (CD) phases of the design shall continue after the bid is awarded. It shall likewise be subject to the review and approval of the PSHS-BRC Management Committee.

II. CONCEPTUAL DESIGN.

(Preliminary Information/Studies for Design and Construction)

Bidder should be flexible in terms of incorporating inputs/suggestions of PSHS-BRC Management in the overall look of the Project and be able to provide necessary adjustments on paper (fence layout, floor plan of Guard House, and perspectives).

Final set of floor plan/s, perspectives and working drawings should be approved and signed by the PSHS-BRC Director before implementation.

A. Design Phase

The detailed design shall consist of the preparation of, but not limited to, the following:

- (a) Architectural and Engineering Design Development Plans, Elevations, and Sections
- (b) Detailed Site/Civil Landscape Architectural Designs and Plans
- (c) Detailed Site and Building Engineering Designs and Plans
 - (i) Sanitary/Plumbing
 - (ii) Electrical
- (d) Detailed Bill of Quantities, Unit Cost Derivations, Quantity Estimates, and Detailed Cost Estimates including a summary sheet indicating the unit prices of construction materials, labor rates and equipment rentals.
- (e) Proposed Design and Construction Schedule
- (f) Occupational Health and Safety Program for the Construction Phase

B. Construction Phase

- (a) General Requirements
 - (i) Permit to Construct,
 - (ii) Permits (Building Permit, Electrical Permit, Sanitary Permit, Fencing Permit, Zoning Permit, Fire Safety Permit, etc.)
 - (iii) Project Billboard'
 - (iv) Temporary Facilities and Facilities for the Engineer,
 - (v) Earth Works at the right side of the Dormitory Building III, Academic Building III, and at the vicinity of the proposed steel matting fence structure,
 - (vi) Structural Works
 - (vii) Architectural Furnishing Works
 - (viii) Site works
 - (ix) Sanitary and Plumbing Works,
 - (x) Electrical works,

As a rule, contract implementation guidelines for procurement of infrastructure projects shall comply with Annex "E" and Annex "G" of IRR, RA 9184. The following provisions shall supplement these procedures:

1. No works shall commence unless the contractor has submitted the prescribed documentary requirements and the PSHS-BRC has given written approval. Work execution shall be in accordance with reviewed and approved documents.
2. The contractor shall be responsible for obtaining all necessary information as to risks, contingencies and other circumstances which may affect the works and shall prepare and submit all necessary documents specified by the concerned Building Officials to meet all regulatory approvals as specified in the contract documents.

3. The contractor shall submit a *detailed program of works within fourteen (14) calendar days* after the *issuance of the Notice to Commence* for approval by the procuring entity that shall include, among others:
 - a. The order in which it intends to carry out the work including anticipated timing for each stage of design/detailed engineering and construction;
 - b. Periods for review of specific outputs and any other submissions and approvals;
 - c. Sequence of timing for inspection and tests;
 - d. General description of the design and construction methods to be adopted;
 - e. Number and names of personnel to be assigned for each stage of the work;
 - f. List of equipment required on site for each stage of the work; and
 - g. Description of the quality control system to be utilized for the project.
4. Any errors, omissions, inconsistencies, inadequacies or failure submitted by the contractor that do not comply with the requirements shall be rectified, resubmitted and reviewed at the contractor's cost. If the contractor wishes to modify any design or document which has been previously submitted, reviewed and approved, the contractor shall notify the PSHS-BRC within a reasonable period of time and shall shoulder the cost of such changes.
5. As a rule, changes in design and construction requirements shall be limited only to those that have not been anticipated in the contract documents prior to contract signing and approval. The following guidelines shall govern approval for change or variation orders:
 - a. Change Orders resulting from design errors, omissions or non-conformance with the performance specifications and parameters and the contract documents by the contractor shall be implemented by the contractor at no additional cost to the PSHS-BRC.
 - b. Provided that the contractor suffers delay and/or incurs costs due to changes or errors in the PSHS-BRC performance specifications and parameters, the contractor shall be entitled to an extension of time for any such delays under Section 10 of Annex "E" of IRR (RA 9184).
6. The contract documents shall include the manner and schedule of payment specifying the estimated contract amount and installments in which the contract will be paid.
7. The contractor shall be entitled to advance payment subject to the provisions of Section 4 of Annex "E", IRR (RA 9184).
8. The contractor shall provide all necessary equipment, personnel, instruments, documents and others to carry out specified tests.
9. This design and build project shall have a minimum Defects Liability Period of one (1) year after contract completion or as provided for in the contract documents. This is without prejudice to the liabilities imposed upon the engineer/architect who drew up the plans and specification for building sanctioned under Section 1723 of the New Civil Code of the Philippines.

10. The contractor shall be held liable for design and structural defects and/or failure of the completed project within the warranty period of 15 years for permanent structures/buildings as specified in Section 62.2.3.2 of the IRR (RA 9184).

III. PERFORMANCE SPECIFICATIONS AND PARAMETERS

Subject: Design Parameters (Architectural)

A. Codes and Standards

The Architectural Design shall be in accordance with the following Codes and Standards

- Codes
 1. Local Codes and Ordinances
 2. National Building Code of the Philippines
 3. RA 9266 or Architectural Law and its Latest and Amended IRR
 4. BP 344 or Accessibility Law and its Latest and amended IRR
 5. RA 9514 New Fire Code of the Philippines
- Standards
 1. Bureau of Product Standards (BPS)
 2. Underwriter's Laboratory (UL)

B. Proposal should include the following

- Perspective, Site Development Plan, Vicinity Map/Location Plan
- Floor Plans (scale 1:100 minimum) including proposed furniture layout
- Roof Plan/s showing downspouts (scale 1:100 minimum), including detail of gutter downspout, etc.
- Reflected ceiling plan/s (scale 1:100 minimum), including details
- Details of Toilets (1:50m) including accessible toilets in the form of plans, evaluation/section
- Details of specialized design features (scale 1:50m) such as partitions cabinets, etc. and accessible design features (if applicable)
- Detail of typical bay section from ground to roof (scale 1:50m)
- Schedule of doors, gates emergency exits, etc., (scale 1:50m), Including specifications for materials and hardware
- Schedule of windows (scale 1:50m) including specifications for Materials and hardware
- Schedule of finishes for interior and exterior floors, walls ceilings
- Architectural Interior Design Technical Specifications
- Cost Analysis

Subject: Design Parameters (Civil Works)

A. Codes and Standards

The Civil/Structural Design shall be in accordance with the following Codes and Standards:

- Codes
 1. Local Codes and Ordinances
 2. National Building Code of the Philippines
 3. National Structural Code of the Philippines
 4. Accessibility Law
- Standards
 1. American Concrete Institute (ACI)
 2. American Institute of Steel Construction (AISC) Publications
 3. American Welding Society (AWS) Publications
 4. American Society for Testing Materials (ASTM)
 5. Bureau of Product Standards
 6. Philippine National Standards

C. Proposal should include the following

1. General Notes and construction Standards
2. Site Development Plan
3. Foundation Plan/s (scale 1:100m minimum)
4. Floor Framing Plan/s (scale 1:100m minimum)
5. Roof Framing Plan/s (scale 1:100m minimum)
6. Schedule and Detail of Footings and Columns
7. Schedule and Detail of Beams and Floor Slabs
8. of Trusses
9. Other Spot Details
10. Structural Analysis and Design (for 2 story building and higher)
11. Seismic Analysis (if necessary)
12. Structural and technical specifications
13. Structural Scope of Works
14. Structural Bill of Quantities
15. Cost Analysis

D. Summary of Materials

1. shall conform to ASTM Specification C150, Type I to Type II.
2. Coarse Aggregates shall consist of washed gravel, crushed stone or rock or a combination thereof conforming to ASTM C33.
3. Bars shall conform to PNS Grade 40.
4. Structural steel shall conform to ASTM A36/A6M.

Subject : Design Parameters (Electrical Works)

A. Codes and Standards

The Electrical System Design Parameters shall be in accordance with the following Codes and Standards.

- Codes
 1. Philippine Electrical Code
 2. National Electrical Code
 3. Fire Code of the Philippines
 4. National Building Code of the Philippines
 5. Existing Local Codes and Ordinances
- Standards
 1. Bureau of Product Standards (BPS)
 2. Underwriters Laboratory (UL)
 3. National Fire Protection Association
 4. National Electrical Manufacturer's Association (NEMA)

B. Proposal should include the following

- General Notes and Legends
- Location and Site Plan
- Lighting Layout (scale 1:100m minimum) including details
- Power Layout (scale 1:100m minimum) including details
- Auxiliary System Layout (scale 1:100m minimum) including details
- (Telephone System with Intercom, WAN and LAN System, Fire Alarm System, Audio, Video, CCTV and others)
- Schedule and Details of Loads
- Riser Diagram
- Other Detail
- Electrical Computation
- Design Analysis
- Electrical Technical Specifications
- Electrical Scope of Works
- Electrical Bill of Quantities
- Cost Analysis

C. Building Facilities Electrical System

1. Lighting System
 - Provide and install lighting system for the covered garages, office, tool-room and its vicinity using the standard Lighting Design Analysis. Utilize the standard Illumination requirements.
2. Power System
 - Provide and install adequate normal branch circuits for the Power System.
3. Auxiliary

D. Provide Details of the following:

1. Lighting fixtures
2. Panel Board and Circuit Breakers
3. Metering Device
4. Service Entrance to Building
5. Others as may be required

E. Summary of Materials

1. General Lighting Luminaires: Fixtures type shall be as indicated on the Lighting Layout Plan.
2. Wiring Devices: Wiring devices shall be non-automatic control devices, the contact is guaranteed by the pressure of the special spiral springs.
 - Switches shall be of 15A, 250V or 300V except as otherwise noted and approved. Terminals shall be screw-type or quick-connected type.
 - General use receptacle shall be 15A, 240V grounding type unless otherwise indicated on the drawings.
 - Special purpose receptacles shall be as called for on the drawings. Matching plugs shall be supplied.
3. Panel boards and Circuit Breakers: The Panel board and Circuit Breakers shall be equipped with molded-case circuit breakers and shall be the type as indicated in the panel board schedule and details.
 - Provide molded-case circuit breakers of frame, trip rating and interrupting capacity as shown on the drawings. The circuit breakers shall be quick-make, quick break, thermal-magnetic, trip-indicating and shall have common trip on all multiple breakers with internal trip mechanism.
 - All current-carrying parts of the panel boards shall be plated. Provide solid neutral (S/N) assembly when required. The assembly shall be isolated from the enclosure.
4. Electrical Conduits, Boxes and Fittings: All conduits, boxes and fittings shall be standard rigid steel, zinc coated or galvanized.
 - Rigid Steel Conduits (RSC)
 - Rigid Metal Conduits (RMC)
 - Intermediate Metal Conduits (IMC)
 - Electrical Metallic Tubing (EMT)
 - Unplasticized Polyvinyl Chloride (uPVC) if required shall be schedule 40.
5. Conductors: Wires and cables shall be of the approved type and unless specified or indicated otherwise, all power and lighting conductors shall be insulated for 600 volts.
 - The conductors used in the wiring system shall be of soft-annealed copper having a conductivity of not less than 98% of that of pure copper and insulated for 60 °C Temperatures.

- All conduits of convenience outlets and wireways for lighting branch circuit homeruns shall be wired with a minimum of 3.5 mm square in size.

IV. PRELIMINARY SURVEY AND MAPPING

The campus is a six-hectare lot with more or less 1.30 km fence including the front portion of the lot.

Some portions of the fence have become lower due to ground leveling done to accommodate the additional buildings and structures. The interlink wires above the concrete fence have deteriorated and were destroyed by the typhoons.

The Guard House is to be designed to accommodate the additional facility requirements including the Lounge Area, comfort rooms, and the relocation of the CCTV Monitoring Room to the other side of the current location.

II. PRELIMINARY INVESTIGATION

The project may require a retaining structure if applicable or needed considering the noticeable difference in elevations between the ground line of the site and the ground line of the adjacent lot beyond the fence.

Improvement works for the existing fence need to be considered in the project for the security of the vehicles, equipment, employees and students.

III. UTILITY LOCATION

Power requirements for the electrical system of the Guard House and the Rapid Frequency Identification System is connected to the 50-kVA Generator House located at the back of Academic Building I.

There is an existing 4" Ø PVC main supply pipe from the local water utility located at the back of the proposed Guard House.

IV. APPROVED BUDGET FOR THE CONTRACT

This project, **SITE DEVELOPMENT under Design and Build Scheme**, will have an Approved Budget for the Contract (ABC) of NINE MILLION SEVEN HUNDRED FIFTY THOUSAND PESOS (Php 9,750,000.00) including all taxes and applicable permits, and licenses. A maximum of ONE HUNDRED FIFTY THOUSAND PESOS shall be allotted for the design phase and the remaining amount shall be for construction works covering all the scope of works and other requirements for this project.

V. PROPOSED DESIGN AND CONSTRUCTION SCHEDULE

The Design and Build Contractor is required to complete the Project within a period of one hundred twenty calendar days (120) c. d., to start upon the Contactor's receipt and signing of Notice to Proceed.

Calendar Days	30	90
Conceptual Design and Detailed Engineering Design (DED Phase)		
Construction Phase		

VI. MINIMUM REQUIREMENTS FOR A CONSTRUCTION SAFETY AND HEALTH PROGRAM FOR THE PROJECT BEING CONSIDERED

General Requirements

No Contractor or subcontractor shall require any employee to work in surroundings or under working conditions that are unsanitary, hazardous, or dangerous to his health or safety.

In order to meet this general requirement, the contractor must:

1. Initiate and maintain programs (written or otherwise) to comply with this general requirement.
2. Provide frequent and regular inspections of the job sites by competent persons
 - Competent person means one who is capable of identifying existing and predictable hazards in the surroundings or working conditions which are unsanitary, hazardous, or dangerous to employees, and who has authorization to prompt corrective measures to eliminate them.
3. Prohibit the use of any machinery, tool, material, or equipment that is not in compliance with applicable requirements.
4. Permit only those employees adequately trained to operate machinery or equipment.
5. Provide training for all employees in:
 - Recognition and avoidance of unsafe conditions
 - Workplace safety and health requirements
 - Applicable hazards, safe handling, and personal protective equipment necessary for handling poisons, caustics, flammables, and other harmful substances relevant to their job duties.
 - Specific hazards and procedures for entering confined spaces if applicable
6. Provide provisions for medical care and first aid.

7. Develop an effective fire protection and prevention plan.
8. Insure appropriate housekeeping measures including clear walkways and removal of combustible scrap and debris.
9. Require the wearing of appropriate personal protective equipment such as hard hats, safety glasses, steel toe shoes, or other appropriate protective equipment in all operations where there is an exposure to hazardous conditions.
10. Develop an emergency action plan covering designated actions employers and employees must take to ensure employees safety from fire and other emergency.
 - Plan must be in writing for employers with greater than 10 employees
 - All employees must be trained upon initial assignment on the parts of the plan the employee needs to know in the event of an emergency.
11. Provide access to hand washing facilities, toilets, and an adequate supply of drinking water.
12. Provide safety and health signs that are clearly visible to construction workers and public.
13. Conduct regular safety meetings.

VII. TENDER/BIDDING DOCUMENTS, INCLUDING INSTRUCTIONS TO BIDDERS AND CONDITIONS OF CONTRACT

1. All **BIDDERS** are required to register at www.philgeps.net as “Supplier” and/or kindly add your company to Document Request List (DRL) if already registered. The contract reference no. is _____.
2. The **PROCURING ENTITY** already provided sample forms for the **BIDDERS** to **completely & properly** accomplish the eligibility requirements listed in the checklist.
3. The **BIDDER** must provide **Table of Contents** for their documents following the sequence as stated in the Checklist of Technical & Financial Requirements.
4. The **BIDDER** must put **tabbings per title page** in their documents (e.g. DTI Registration, Mayor’s Permit, and so on).
5. The **BIDDER** should submit bind documents only. Use of fasteners is not allowed.
6. The **BIDDER** or **BIDDER’s authorized representative** must initial every page of the documents submit as original and photocopied.
7. The **BIDDER** must submit their eligibility requirements in a sealed envelope with **one (1) original** and **three (3) photocopies** to the BAC *on or before the deadline specified in the IAEB*.
8. All envelope shall: *(see example below)*
 - contain the name of the contract to be bid in capital letters;
 - bear the name and address of the Bidder in capital letters;
 - be addressed to the **PROCURING ENTITY’s BAC**;

- bear the specific identification of this project indicated in the ITB Clause 10.1; and
- bear a warning “**DO NOT OPEN BEFORE...**” the date and time for the opening of bids indicated in accordance with ITB Clause 21.

b) Campus Project Engineer: (to be nominated)
 Philippine Science High School-BRC
 Tagongtong, Goa, Camarines Sur

VIII. PROJECT SUBMITTALS

The following submittals and accomplished documents shall be duly completed and turned-over by the DESIGN & BUILD CONTRACTOR for the project:

A. For the Design Phase

- 1) Plotted construction plans (signed and sealed) in tracing paper;
- 2) Construction plans (soft copy)
- 3) Construction Plans (8 sets hard copy)
 - a) Architectural Plans – signed and sealed by a licensed Architect
 - b) Civil/Structural Plans – signed and sealed by a licensed Civil Engineer
 - c) Electrical Plans – signed and sealed by a Professional Electrical Engr
 - d) Plumbing Plans – signed and sealed by a licensed Sanitary Engineer/ Master Plumber
- 4) Technical specifications (8 sets signed and sealed hard copy and a soft copy)
- 5) Detailed cost estimates (3 sets signed and sealed hard copy and a soft copy)
- 6) Bill of quantities (3 sets signed and sealed hard copy and a soft copy)
- 7) Quantity Sheet (Estimates) (2 sets signed and sealed hard copies and a soft copy)
- 8) Documents required for securing the Building Permit
- 9) Drawings and reports that PSHS-BRC management and engineers may require for the periodic update concerning the status of the design phase.

B. For the Construction Phase

- 1) As-built plans (3 sets hard copies and soft copy and the plotted copy)
- 2) All necessary permits (fees shall be included in the contract). Verify local taxes imposed to Contractors
- 3) PERT-CPM Network Diagram and detailed computation of contract time (to be submitted before the works commence)
- 4) Test results, if any
- 5) Guarantees, warranties and other certificates
- 6) All other necessary documents to be required by PSHS-BRC.

IX. ELIGIBILITY REQUIREMENTS

A. Basic

1. The eligibility requirements for Design and Build Scheme shall comply with the applicable provisions of Sections 23 – 24 of IRR of RA 9184
2. A modified set of requirements integrating eligibility documents and criteria for infrastructure projects and consulting services shall be adopted in accordance with Annex G, IRR of RA 9184
3. The Design Build Contractor must have completed projects in the amount of at least fifty percent (50%) per project package in the last ten (10) years and must have the network and resources in place preferably per region, to mobilize the contemplated nationwide Design and Build Services.

B. Eligibility Documents

B.1. Class “A “Documents

1. PhilGEPs Registration
2. Registration from the Securities and Exchange Commission (SEC), Department of Trade and Industry (DTI) for sole proprietorship, or Cooperative Development Authority (CDA) for cooperatives;
3. Mayor’s permit issued by the city or municipality where the principal of business of the prospective bidders is located;
4. Statement of all its on-going and completed government and private contracts within ten (10) years from the submission of bids
 - a. CPES rating or
 - b. Certificate of Completion
5. SLCC
6. PCAB licenses and registration for the type and cost of the contract for this project (Medium A – License Category B) and contractor’s registration certificate from DPWH;
7. Audited financial statement, stamped “received” by the BIR for the preceding calendar year;
8. Tax Clearance
9. NFCC computation.

B.2. Class “B “Documents

- Joint Venture Agreement, if applicable.
- Technical Documents

1. Bid Security (in any form)
2. Project Requirements

2.1. Design and Construction Method

- 2.2. Value engineering analysis of design and construction method.
Prospective bidders shall prepare a value engineering analysis report of their proposed design and construction method to be applied for the PROJECT. Importance shall be made on the following criteria:

Cost-saving, measured on a per square meter average figure

Time-saving in design and construction duration, measured using the HOPE approved PERTCPM of the project.

Operational efficiency to take advantage of natural lighting and ventilation in some areas and use of efficient toilet.¹²

2.3. Organizational Chart

2.4. List of Contractor's Personnel with complete qualification and Experience data

2.5. List of Contractor's Equipment units, which are owned, leased, and/or Under purchase agreements, supported by certification of availability of Equipment from the equipment lessor/vendor for the duration of the Project.

2.6. Manpower Schedule

2.7. Equipment Utilization Schedule

2.8. Bar Chart and S-curve

2.9. Construction Safety and Health Program

2.10. PERT-CPM

3. Omnibus Sworn Statement

- Financial Component
 1. Financial Bid Form
 2. Bill of Quantities
 3. Detailed Cost Estimates
 4. Summary Sheet indicating the unit prices of materials, labor rates and equipment rental
 5. Payment Schedule

C. Specialized

For the Pre-Detailed Design and Detailed Design portion of the contract, the Bidder is required to hire the minimum number of people as shown below. However, should the Bidder opine that the required number would be insufficient to complete the works/services within the specified time frame, the Bidder can hire additional staff which method deserves to be detailed or explained in the Bidder's Technical Proposal. Likewise the Bidder shall remunerate this additional staff all within the Bidder's Financial Proposal.

1. For Design Personnel

The key professionals and the respective qualifications of the DESIGN PERSONNEL shall be as follows:

a) Design Architect

The Design Architect must be duly-licensed with at least three (3) years of experience in the design of residential, academic or institutional facilities, and shall preferably be knowledgeable in the application of Green Design Technology in school construction.

b) Structural Engineer/ Civil Engineer

The Structural Engineer must be a duly-licensed Civil Engineer with at least three (3) years of experience in structural design and shall preferably be knowledgeable in the application of Green Design Technology in school construction.

c) Electrical Engineer

The Electrical Engineer must be a registered Professional Electrical Engineer with at least three (3) years of experience in the design of lighting, power distribution and preferably knowledgeable in developments in emergent efficient lighting technologies and energy management.

d) Sanitary Engineer

The Sanitary Engineer must be duly-licensed with at least three (3) years of experience in the design of building water supply and distribution, and plumbing.

e) AutoCAD Operator

The AutoCAD Operator must be at least a graduate of a Bachelor's degree in Architecture or Engineering, proficient in AutoCAD software.

2. Construction Personnel

The key professionals and the respective qualifications of the CONSTRUCTION PERSONNEL shall be as follows:

a) Project Engineer/Architect

The Project Engineer/Architect shall be a licensed architect or engineer with at least three (3) years of experience in similar and comparable projects and shall preferably be knowledgeable in the application of rapid construction technologies.

b) Electrical Engineer

The Electrical Engineer must be a registered Professional Electrical Engineer with at least three (3) years of experience in the design of lighting, power distribution and preferably knowledgeable in developments in emergent efficient lighting technologies and energy management.

b) Sanitary Engineer

The Sanitary Engineer must be duly-licensed with at least three (3) years of experience in similar and comparable projects in the installation of building water supply and distribution, plumbing.

d) Foreman

The Foreman must have at least three (3) years of experience in similar and comparable projects and shall preferably be knowledgeable in the application of Green Building technologies.

e) Safety Officer

The safety officer must be an accredited safety practitioner by the Department of Labor and Employment (DOLE) and has undergone the prescribed 40-hour Construction Safety and Health Training (COSH).

The above key personnel listed are required. The **DESIGN & BUILD CONTRACTOR** may, as needed and at its own expense, add additional professionals and/or support personnel for the optimal performance of all Construction Services, as stipulated in these Terms of Reference, for the PROJECT. Prospective bidders shall attach each individual's resume and PRC license of the (professional) staff, proof of qualifications, and related documents as necessary.

Section IX. Checklist of Technical and Financial Documents

Checklist of Technical and Financial Documents

I. TECHNICAL COMPONENT ENVELOPE

Class “A” Documents

Legal Documents

- ☐ (a) Valid PhilGEPS Registration Certificate (Platinum Membership) (all pages);
or
- ☐ (b) Registration certificate from Securities and Exchange Commission (SEC), Department of Trade and Industry (DTI) for sole proprietorship, or Cooperative Development Authority (CDA) for cooperatives or its equivalent document;
and
- ☐ (c) Mayor’s or Business permit issued by the city or municipality where the principal place of business of the prospective bidder is located, or the equivalent document for Exclusive Economic Zones or Areas;
and
- ☐ (e) Tax clearance per E.O. No. 398, s. 2005, as finally reviewed and approved by the Bureau of Internal Revenue (BIR).

Technical Documents

- ☐ (f) Statement of the prospective bidder of all its ongoing government and private contracts, including contracts awarded but not yet started, if any, whether similar or not similar in nature and complexity to the contract to be bid; **and**
- ☐ (g) Statement of the bidder’s Single Largest Completed Contract (SLCC) similar to the contract to be bid, except under conditions provided under the rules;
and
- ☐ (h) Philippine Contractors Accreditation Board (PCAB) License;
or
Special PCAB License in case of Joint Ventures;
and registration for the type and cost of the contract to be bid; **and**
- ☐ (i) Original copy of Bid Security. If in the form of a Surety Bond, submit also a certification issued by the Insurance Commission;
or
Original copy of Notarized Bid Securing Declaration; **and**
- ☐ (j) Project Requirements, which shall include the following:
 - ☐ a. Organizational chart for the contract to be bid;
 - ☐ b. List of contractor’s key personnel (e.g., Project Manager, Project Engineers, Materials Engineers, and Foremen), to be assigned to the contract to be bid, with their complete qualification and experience data;
 - ☐ c. List of contractor’s major equipment units, which are owned, leased, and/or under purchase agreements, supported by proof of ownership or certification of availability of equipment from the equipment lessor/vendor for the duration of the project, as the case may be; **and**

- ☐ (k) Original duly signed Omnibus Sworn Statement (OSS); **and** if applicable, Original Notarized Secretary's Certificate in case of a corporation, partnership, or cooperative; or Original Special Power of Attorney of all members of the joint venture giving full power and authority to its officer to sign the OSS and do acts to represent the Bidder.

Additional Documents under Annex "G" (Design and Build):

- i. Preliminary Conceptual Design Plans in accordance with the degree of details specified by PSHS-BRC;
- ii. Design and Construction Methods
- iii. List of design and construction personnel, to be assigned to the contract to bid, with their complete qualification and experience data;
- iv. Value engineering analysis of design and construction method.

Financial Documents

- ☐ (l) The prospective bidder's audited financial statements, showing, among others, the prospective bidder's total and current assets and liabilities, stamped "received" by the BIR or its duly accredited and authorized institutions, for the preceding calendar year which should not be earlier than two (2) years from the date of bid submission; **and**
- ☐ (m) The prospective bidder's computation of Net Financial Contracting Capacity (NFCC).

Class "B" Documents

- ☐ (n) If applicable, duly signed joint venture agreement (JVA) in accordance with RA No. 4566 and its IRR in case the joint venture is already in existence; **or** duly notarized statements from all the potential joint venture partners stating that they will enter into and abide by the provisions of the JVA in the instance that the bid is successful.

II. FINANCIAL COMPONENT ENVELOPE

- ☐ (o) Original of duly signed and accomplished Financial Bid Form; **and**

Other documentary requirements under RA No. 9184

- ☐ (p) Original of duly signed Bid Prices in the Bill of Quantities; **and**
- ☐ (q) Duly accomplished Detailed Estimates Form, including a summary sheet indicating the unit prices of construction materials, labor rates, and equipment rentals used in coming up with the Bid; **and**
- ☐ (r) Cash Flow by Quarter.
